Bachelor's in Computer Application

Ghaziabad, U.P (201002)

SUMMARY

Enthusiastic and adaptable student at I.T.S pursuing a Bachelor's degree in Computer Science. Eager to launch a career as a Software Engineer and contribute to innovative software solutions. Proficient in programming languages such as C/C++, Python with basics of Java & JavaScript. I bring a keen understanding of software development principles and problem-solving capabilities. My coursework has equipped me with a solid grasp of SQL for database management and HTML/CSS for web development. Excited to apply academic knowledge to real-world development challenges and collaborate within a dynamic team environment. Adept at working with various programming languages and technologies.
